(cross out those not received)

***DRAG1-7 CRAFTS***

### **DRAG15 *Linked to the Law***

For handing over the original notes to Sergeant Featherby, you prove yourself an ally of Westgate's Law. If they need outside assistance in the future they may just come to you.

### **DRAG16 *Connection with Fire***

By delivering the names on the drug cartel's notes to Julian you have gained a possible ally within the Fire Knives. As long as it does not compromise his organization, Julian has promised to keep in contact with you in the future.

### **DRAG17 *Defeating Agony***

For discovering and shutting down the production and testing of the drug known as Agony on the south of the Dragon Mere, you have drawn the attention of the secretive drug cartel trading in it. While this could mean greater difficulties for you should you come across them again, you are also armed with foreknowledge of their activities, giving you an edge in the fight against them and those that support them.

This story award is part of the Arts and Crafts major quest. The other part occurs in *DALE1-7 Arts*.
